Guidance for Learners

You have been asked to sign this Declaration of Authenticity and place it at the front of your portfolio or course work assessment. It confirms that the work you have submitted for assessment is your own and that you have not copied it from someone else or allowed another learner to copy it from you.

When preparing any course work it is good practice to undertake research using information from published sources. If you quote directly from these sources then this must be indicated in your work by using quotation marks and/or referencing the document from which the quotation/image was taken. You must then comment in your own words/practice on any ideas expressed/developed as a

Assessors, internal verifiers and the Awarding Body's external moderators are subject specialists who can spot the use of published materials that may be passed as your own words or ideas.

If you do copy words/images from a published source and do not indicate their reference you will be committing plagiarism. This is considered a form of cheating and may result in your assessment being declared void.
